

WEB ENABLED ONLINE SOLUTION

Web enabled solution is designed to manage Students' Information efficiently & make information available to parents, students, teachers & admin anywhere through Internet.

The components of Web enabled solution are:

- **WIS (Web Information System):**
 - It is an intermediate application designed to fetch the data from ISRMS (Client Server application) i.e. local server and upload the data to the website i.e. web server.
 - It is an Admin Control Panel where logins for all the users like Students, Parents, and Teachers can be created, viewed, blocked or deleted by the admin. Using the login id & password, the user can login and view his related updated information as & when required from anywhere through internet.
 - Fetch Process and Upload Process can be used to fetch the data from ISRMS and upload it to Web Server.
- **Web School:**
 - Web school is a member domain which consists of following logins
 - **STUDENT LOGIN**
 - **PARENT LOGIN**
 - **TEACHER LOGIN**
 - **ADMIN LOGIN**
- Web school is integrated with the School website by providing a Member Panel through a link on the school website.
- The below screen shows the features of Web Information System.

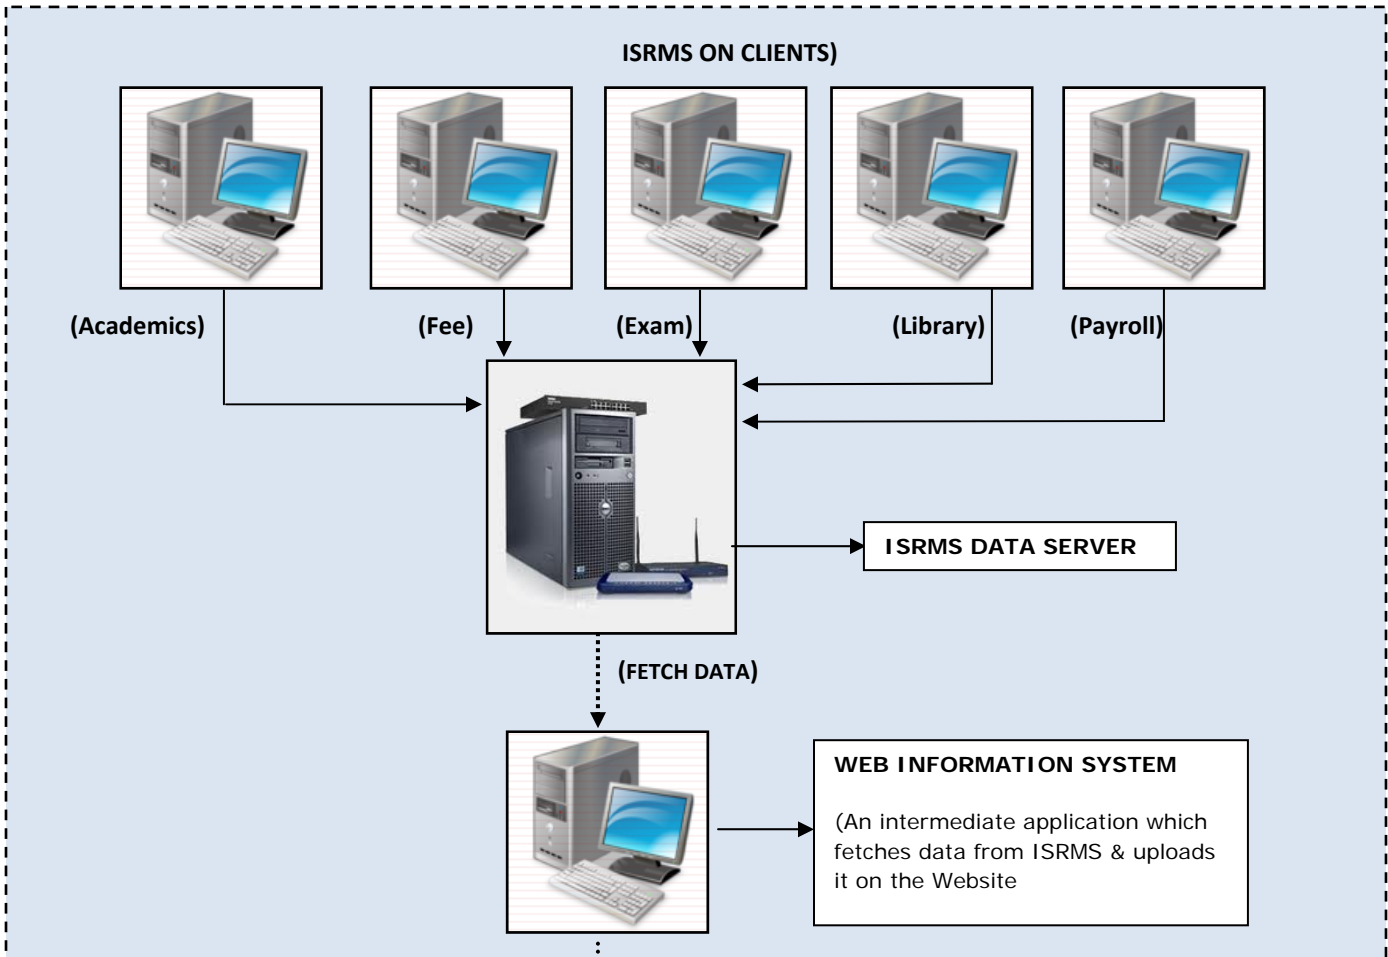

ADVANTAGES OF WEB ENABLED SOLUTION

1. It is very cost effective solution.
2. Efficiency & working never gets hampered by the internet speed.
3. It is easy to implement and use.
4. No technical person is required to handle the system.
5. Database Backup is always available with school so the database is safe and secured.
6. The data on web is always synchronized with the local server so no chances of loss of data.
7. Teachers can easily enter the students' related data like attendance, marks entry, remarks entry from home or anywhere through internet.
8. Students can view their updated information and Parents can view their ward's related information, whenever required.
9. Admin can view the MIS reports and other analysis reports whenever required.

HOW OUR SOFTWARE PACKAGE IS DIFFERENT FROM OTHER ONLINE CLOUD APPLICATIONS?

HOW IT WORKS?

1. Syon is specialized only in school domain with experience and expertise of more than 15 years.
2. Our product is functional in all reputed schools in India.
3. The package is a Client Server based integrated package with centralized database.
4. The database is located at server in school so there is no chance of data hampering as it is there in cloud applications.
5. The entries related to teachers like Marks Entry and Remarks Entry including descriptive indicators, self awareness and health status entries can be entered in school or from anywhere.
6. The online entries are automatically synchronized with the offline package i.e. the database in school server is synchronized & gets regularly updated with the online entries done by the teachers so the solution is 100% secure and there is no chance of data loss.
7. Since the database server is in school so backup can be taken at regular interval which is not possible in case of other online cloud applications.
8. Our solution is very cost effective as it does not involve any extra cost for installation setup.
9. Internet Speed, internet connection & bandwidth does not affect the working of our software as it is there in case of other cloud applications.
10. Our after sale support is quite appraisable. We have our own software support cell which supports and provides online services to schools whenever required.

BENEFITS OF ISRMS TO DIFFERENT STAKEHOLDERS

BENEFITS TO MANAGEMENT

- Achieve global outlook and exposure for the institute and its constituents
- Reduces paper work
- Save man hrs in managing information with automation
- Instant Access to the Information required for Decision making
- Cost effective one point solution for total school management
- Integrated solution to manage academic, administrative and business processes
- Minimizes repetition of activities
- Allows direct access to every First Hand Information accurately and efficiently

BENEFITS TO TEACHERS

- More concentration on students as paper work is less
- Improves Teaching Effectiveness through content and information about student
- Complete attendance automation
- Effortless grades & marks management system
- Easy & transparent mode of interaction with parents
- Greater focus on teaching & less on time consuming administrative functions
- Easy to keep track record of students which helps in further planning
- Better organization of school activities

BENEFITS TO PARENTS

- Interaction with teachers is better
- Reliable update on child's attendance and progress report
- Gets complete status of the fee deposited & outstanding amount
- Can keep a watch on wards' attendance, home work and other activities
- Instant access to all the information related to own ward
- Active participation in school activities

BENEFITS TO STUDENTS

- Interaction with teachers, parents and peers is better.
- Students can view their own profile.
- They can view their Fee related information.
- Exam performance can be viewed on website.

FEATURES OF WEB LOGINS

STUDENT LOGIN consists of the following Information:

1. **Personal Profile:** This link displays the general information of the student.
